MR. W. A. LACEY ..... Principal

Student Government has continued as one of Wa-Hi's most successful activities. The independent capability of the students to govern themselves has noticeably improved during the past year. Our system of student control has missed the influence and personality of Mr. Jones, our former principal, and the founder of student government here. Mr. Lacey, however, has joined hands with us, and with his sincere belief in student government and with the loyal cooperation of the school, we have upheld a principle of democracy here at Wa-Hi that any school might well desire to possess.

The conduct in the halls and auditorium has been in the hands of the students themselves throughout the school year. Successful operation of student government in study halls is an assured fact now, and individuals have come to feel that unless the study halls are under student control, the extent of the operation of the entire system would be limited to such a degree as to place us little above the standard of many other schools.

# SENIORS

When we, the class of '22, graduate we will leave a memorable record behind us, for we have always been leaders, expressing our own individuality.

From this class have come some of the best known members of the school, leaders in football and basketball, who have kept up Wa-Hi's reputation in athletics. But there have been, also, many literary leaders. Here is the class that puts out debate teams and declamation teams that win victories for Wa-Hi. The class also leads in scholarship. They have had, this semester, more students on the honor roll than any other class has had, and can boast of two gold medal students.

Wa-Hi may well be proud of such a group of graduates, for the members of this class, with the ideals Wa-Hi has given them, will make themselves known, and will bring glory to the White and Blue.

# JUNIORS

The "Class of '23" has plenty of "Class Pep" and what is better yet, "Wa-Hi Spirit," manifested throughout the term by our attendance at all the declamation contests, debates and Lyceums, and by the support we have given the athletic teams. You see that we aren't resting after two years of strenuous labor as many other classes have done but we are at work. Just listen.

Years and years after you have graduated some evening you will get out your copies of The Royal Blue to refresh your memory of school days. Glancing through these books you will find many pages dedicated to the Junior Class, to us who will have become great in the world. You will find recorded there the doings of the "Class of 1923," especially during this year. How through dilligence and perseverance we edited Wa-Hi's "Best Annual," (a volume published yearly which records the school life of each and everyone in this noted institution); how scores of Seniors and Alumni danced their hearts away one night at the most enjoyable Prom given by any class; how we gave a Basket Social one night when old witches and goblins frolicked and made merry with many a happy boy and girl in the "Old Gym"—these things you will see in The Royal Blue.

As you close the volume you will recall the day we entered as Freshmen when the Seniors greeted us with jeers: "Hush, little Freshies, don't you cry, you'll be a Senior by and by." And weren't you proud of that class that did receive diplomas in 1923?

# SOPHOMORES

As the Sophomores look back over the last nine months they may feel that this has been a successful year in many respects. Much of this success is due to our president, Lyman Lynn.

Taking up the girls first (because they are the most important), we notice that the Sophomore Girls' Basketball team won first place in the tournament, while the Girls' Volleyball team also was victorious. The boys are quite an asset to the class too. We have our president, Lyman Lynn on the debate squad and Frank Averill on the Varsity Basketball team. Edith Huntsman, from our class, represented this school in the humorous section of the declamation contest with North Central High School. A Sophomore boy leads Wa-Hi in scholarship average. This class is a leader, for what other class has thought of the idea of putting on a smoker? Thus, we have found a new way of paying our debts.

What better record for a class could you ask? Naming our assets, we have: "Pep," athletes, debaters, fusers, scholars, humorists and hosts of loyal Wa-Hi supporters.

# FRESHMEN

The Freshman Class is both the largest and 'Peppiest' that has ever entered school in the history of Wa-Hi. Three of the Freshmen boys succeeded in gaining positions on the Varsity Basketball team. The Girls' Basketball team won second place in the interclass games and one girl was selected for the All-Star Team. It is true that some of our members did not comply with the rules of Student Government for a while but everything is going well now.

The Senate has more than lived up to its old reputation this year. It has become an honor and a privilege to belong to Wa-Hi's best literary organization. The Senate has maintained its high standard of efficiency because it has observed and carried out the policy of getting as much out of its literary programs as possible. The tendency of many school literary organizations has at some time or another strayed from its original purpose; but the Senate has put its purpose before social intercourse and events and consequently has led other societies in this respect. The programs this year have consisted of debates, talks by outside speakers, and discussions on topics of the day of general interest.

We have not altogether followed the more serious things of life for all the Senators have social tendencies. The annual Senate banquet given at the Dacres Hotel in the early part of the holiday season was the social climax of the school year. We have had our sleigh rides and stag parties, and we hope soon to put on a Senate dance which will complete the social season.

What has the Senate accomplished in school activities? All of the boy members of the Board of Control are Senators with one exception. The Senate furnished eleven of the eighteen members of the debate squad and six speakers. The Eh Kah Nam and Royal Blue staffs are dominated by Senators. We were represented on the declamation team. Not an athletic team played through the season without a member of the Senate on that team and fighting hard for Wa-Hi.

The Senate has put the blue blood of achievement into the veins of old Wa-Hi. As old Senators become Alumni, may the new Senators who fill their places take up the work of the society with new vigor and determination.

As I look into my Murdock crystal I see the Gimmel Teth Society of the Walla Walla High School in the past, present and future.

The crystal tells me that in the past, this society has been a veritable credit to the school and girls have always considered the privilege of joining it an honor. Now in the present, I see that the girls of 1921-22 are maintaining and even raising their old standard. I see they have done many things to be noted and remembered. My crystal tells me of a dance given in the fall, of a victory which the Gimmel Teths won from the El Adreas in basketball, of a sleigh ride, and of a candy pull at which the El Adreas joined us. Of course, I could go on relating all the events I can see that have happened but now I look over in the opposite corner and I see that the Gimmel Teths are not only wide awake and doing things but they are a beautiful group to look upon. I also see that the society contains talent of all kinds, vocal, instrumental, and dramatic.

Now let us look into the future. I see the Gimmel Teths still holding up their standard and reaching their aim of being the pride of the school. I see a great many of the girls continuing their work and standards in college but I see others who have taken up domestic duties and become the mistresses of all they survey. However, no matter what line of work they have followed, I see an honest, upright group of girls continuing to follow their high ideals through life.

## CHAPTER X.

I had now resided in Lilliput for some time; indeed the extent of that time was so great that I had enjoyed most of the divers entertainments available amongst this people. The emperor, perceiving my restlessness and judging the cause thereof, determined to admit me to the pleasures of the El Adrea Society, which society is composed of thirty of the finest young ladies of the land, with a wise advisor of older years, and which is reputed to be above all other societies in the excellence of its amusements.

My first introduction to this jolly group was upon the occasion of an odd diversion known among the Lilliputians as football. This game I attended often thereafter as did the girls and their enthusiasm on viewing these games was delightful to see.

Upon one Thursday evening I was permitted by his majesty to lie down in the street and peer through the window at one of the regular meetings of the society, the house being the home of one of the girls. Their houses are all well ordered and this one was trimmed in fir trees, some of which were only two inches high while one some eight inches tall stood in a corner, gaily lighted and bedecked with packages. Upon the distribution of a package to each of the girls great hilarity was shown, for, as I observed, each contained a toy of amusing nature.

At another meeting the young ladies were costumed as grand-mothers and upon still another occasion they appeared in wierd costumes and called themselves "vamps," a word unknown to me. Always I heard laughter and bright conversation denoting the joy derived by the young ladies from their pleasure. I was diverted at no time so much as upon the occasions when some of the boys met with the girls to participate in an evening of dancing; most delightful affairs indeed. Although I was unable to obtain more than a taste of the foods served at the meetings, these delicacies were in every instance delicious.

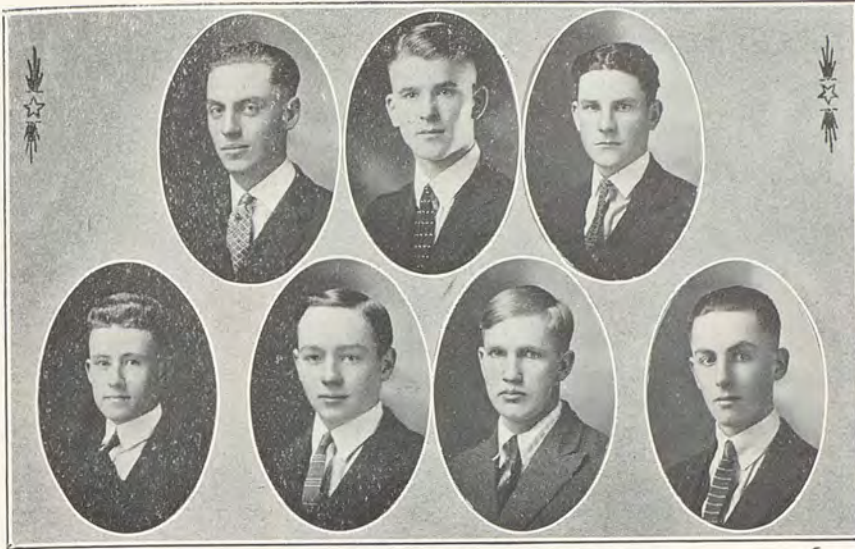

Great space would be required to record all of the various meetings at which I was a spectator. I shall only say here that in my humble opinion the El Adrea Society truly deserves the high esteem in which it is held.

We maintain that the Wa-Hi Agricultural Club is the best club in the high school and that it is recognized by all the clubs as their superior in every respect! Our accomplishments are too numerous to detail here, so only a few can be described. A stock judging contest was held at Spokane, where judging teams representing Washington, Idaho and Oregon competed. Our team, consisting of Henry Hoon, Amzi Miller and Adolphus Weather won highest honors, bringing home a beautiful silver loving cup and earning the championship of the Northwest. This makes our third consecutive victory at Spokane. We are known not only for our stock judging but for our ability in entertaining as well. The social event of the year was the "Hay Seed Ball," put on by this club and proclaimed by all to be the biggest hit of the year. There are about sixty members enrolled in the club. Two meetings are held each month and interesting programs put on. After the programs we usually have some sort of refreshments. Although many members live a considerable distance from the school we always have a good attendance. Our programs usually consist of readings, music, home project reports, outside talks, or motion pictures on agricultural subjects.

The Classical Club in living up to its motto, "Lux Sit," has had a most successful year. We have had some very novel programs at our meetings this year. We were fortunate in having Miss Blynn and Mr. Sterling lecture to us on Europe. Everyone has read stories of Europe but few of us have ever been there. I'm sure, though, that all of us, after hearing Miss Blynn's and Mr. Sterling's most interesting and delightful talks on their tours of Europe last summer, could not help feeling as if we had been on their journeys with them.

Having had to abandon the custom of giving an annual play the club has tried a new plan which it hopes will be just as great a success as the plays have been, namely that of showing a classic picture each semester. This year we exhibited "The Fall of Troy" and "Julius Caesar." "Julius Caesar" was an excellent picture. The scenes which were very elaborate were taken in Italy around Rome, and the furniture, arms and other materials used were taken from the museums. Also, the club adopted a little silver pin which will be its emblem hereafter. It is in the shape of a Roman lamp with the inscription "LUX", meaning "light." We have had a very good time socially, too, especially at the dance given at Gerald Tierney's home.

The French Club this year has increased its membership and its importance and is fast becoming a lively crowd. The "Franchies" have had several parties, but perhaps the most notable was a masquerade. A great many merry makers were present and the gymnasium presented a beautiful appearance with all its crowd of gaily dressed young people.

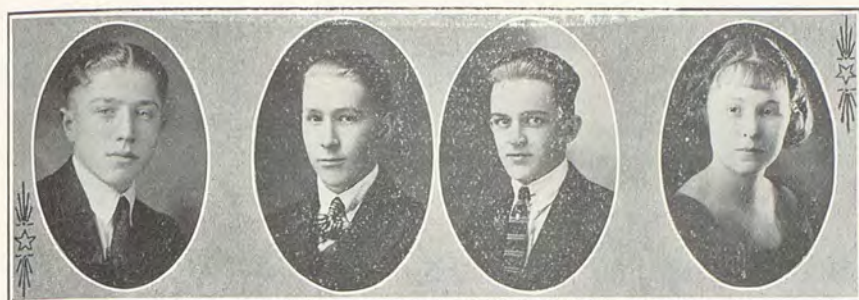

The French Club has also devoted its time to learning about French people and customs as well as about the French language. At several meetings, the club has had beautifully illustrated lectures on France. These talks, given by Mrs. Nichols, were very interesting and profitable to all. On the whole, the French Club looks back upon this year as one of great progress and success.

Quality not quantity is what counts and that applies to El Circulo Espanol, for we have only a group of about fifty; but these members are really interested in the foreign language work and are willing to work and help the club in every possible way.

In the middle of the year our instructor, Senor Cusicanqui left to teach in California, and Senor Ferrer from W. S. C. came to take his place. During the change of teachers the club lost no time, but kept right on with its work and instead of losing enthusiasm seemed to gain more. The aim of El Circulo Espanol this year has been to further the use of the Spanish language, and in addition to this, to teach the students as much as possible about the people and customs of Spain. In doing this, Senor Ferrer has made it possible for us to combine pleasure and work by introducing clever little Spanish songs and games. This was something entirely new to us and while we enjoyed them we also learned many new and interesting things about the Spaniards. The Spanish Club feels that it has had a successful year and looks forward to even more success in 1923.

The Officers' Club is composed of the best cadets in the Wa-Hi Battalion along the military line. Every student who becomes a member of this club, has gained this honor by much diligence and hard work. The success of the R. O. T. C. events has been due to the efforts of the club. The Military Tournament, the Military Ball, and the Officers' Banquet have brought much credit to the school as well as to the officers.

The club was hindered greatly by the bad weather and by the illness of Major Holmes. Even though we were handicapped by these obstacles, we succeeded in putting across these events. Next year the club will succeed in carrying the military work to even higher standards than it has ever reached before in Walla Walla High School.

The Officers are proud of their members who have distinguished themselves in all lines of athletic and literary work. Next year the requirements to become a commissioned officer will be even greater and we hope to gain even a higher rank of fame in the R. O. T. C. work and in all other school activities.

One of the liveliest, strongest, and best organizations that Wa-Hi can boast of is one that has sprung up within the past school year—the Non-Com Club. Although it is a new organization, its record is one that any club may be proud of. It was organized about the middle of the first semester, with the Non-Coms who went to camp as a nucleus. Its purpose is to promote good fellowship, co-operation and efficiency, among the Non-Coms of the battalion. Sgt. Mix was the original faculty advisor, but upon his resignation we elected Mr. Blankenship. There are four events of the year which stand out in the minds of the members of the club. These are the Non-Com banquet, the presentation of the cigarette case to Sgt. Mix, the Non-Com hike, and the spring initiation. The regular meetings of the club, which were usually held at the homes of various members, were anticipated with pleasure, not only because of the "eats," but because of the roaring good times to be had. The success of the club is largely due to the efforts of its president, Bernard Lehrer, and to its faculty advisors. As we look back over the past year, we can say that the purpose of the club has been successfully carried out, and that the prospects for the future are bright.

These three qualities surely make a club worth while! As a whole the year has been broadening to the stenographers' outlook. The chief aim of the order has been to show the possible openings for the stenographer in the way of vocations. Among the special features of our meetings this year were the demonstration and use of the dictograph and the dictophone and a discussion of court reporting by the county court reporter.

Many years ago there was within the walls of the Walla Walla high school a group of girls whose ambition led them to the teaching profession; therefore they formed a society which they "christened" Seminar, in which they might by unselfish co-operation carry out the idea of the old saying, "Two heads are better than one." The society grew; each year saw new faces and also new ideas. In the year 1921-22 the girls decided to turn their attentions to literature and in this way enable the society to specialize. Play acting, study of drama, and the better type of moving picture received its share of thought. This work gave the girls an opportunity to hear Mr. Cusicanqui, former member of the high school faculty, and Miss Fitzgerald, principal of Baker school.

Throughout the entire year the magnet which has drawn the members closer together is the home of Marjorie Sauze whose hospitality made it possible for many an otherwise dreary evening to pass quickly and pleasantly. And so on and on in a whirl of events, more or less quietly, perhaps, the work of the Seminars is still running on. May it continue until the end of time.

Dear Evelyn:

June, 1922.

Yes, we are having a very successful year with our Dress Reform Rules. Although we discussed the matter thoroughly and all seemed in favor of adopting these rules, some of the girls did not feel that it was necessary to obey. So we organized the Girls' Council as a governing body. The members of this board are as representative as possible, as we have the president elected by the girls and the other members are representatives chosen by the different girls' clubs.

I'm secretary of the Council this year and there is much correspondence to attend to. It seems that almost every school in the country has heard about how successfully we are carrying out our plans. They write to us asking for our constitution and our ways of enforcing the rules, so that they can, also install an efficient system of Dress Reform.

Of course the non-conformists do not enjoy the sentences they receive when they are brought before the Board; so they usually try to concoct some sort of an alibi for their misdemeanor. Many of these excuses are very funny as they are usually thought up on the spur of the moment. Since the culprit that has used a fairly plausible excuse sometimes passes hers on to the next girl waiting outside the door of the Dean's office, we surely hear some good ones. Most of the offenses against the rules are for wearing silk hose and high heeled shoes. We hear every kind of an excuse, as: "I had to wear my silk hose today because I washed my only pair of cotton ones and put them outside to dry. The neighbor's dog pulled them off the line and completely demolished them," or, "I stayed all night with my chum and didn't have time to get my low heels this morning." Even with all our difficulties there are no hard feelings and all in all we really enjoy the work. If at any time you want to know more about our dress reform be sure to write and I'll explain it more in detail. We are always glad to receive inquiries from students of other schools.

Ruth.

## OUR PURPOSE:

"To learn, to serve, to grow;  
Those three words we all would know,  
For they embody our purpose true,  
By which we follow the triangle blue."

has been successfully carried out during the past year by the earnest co-operation of the members of the organization in accomplishing many interesting and worth while events.

The aim of the organization has been to teach the members to learn, serve and grow, and this has been done in various ways; a lecture given by Miss Knott upon the subject of "Good Health," a lecture by Miss Benson upon the Y. W. C. A., the Mothers and Daughters banquet, the talks by Miss Taylor and Miss Lowe on College Life at Whitman, the Vesper Service, the Easter sale; contributions to a fund for the education of an Indian girl in this country, preparations for a Christmas box for the tuberculosis patients at the Idaho Sanatorium, collection of magazines for St. Mary's Hospital, and help in various other cases where the assistance of the club members was needed. Now that the school year has come to a successful close, many of the members are looking forward to the annual meeting of the Y. W. girls from the clubs of the Northwest at Seabeck, the summer camp, where the activities of the clubs are discussed and many ideas are obtained for the work of the coming year.

The Girl Reserves, under the supervision of Miss Troy, have been very successful this last semester. Meetings are held the second and fourth Tuesdays in every month, while every Thursday during the noon hour girls who bring their lunch hold noon meetings to plan coming events. Candy sales have been held during noon hours at different times. A great many novelties were made and sold just before the Christmas holidays. A well-attended silver tea was given on St. Patrick's Day for the mothers of the members. A group of girls went to the Stubblefield Home just before Easter with Easter baskets and eggs for the children. The thirty or more members who have been active in this organization have received valuable training for their Y. W. C. A. work next year.

The Girls' League is a new organization in Walla Walla high school. It was found that an organization for the girls of Wa-Hi was necessary to provide a medium for the necessary girls' activities and to give every girl an opportunity for organization work. The chairmen of the four general departments, the faculty advisors, and the Dean of Girls make up the Executive Committee.

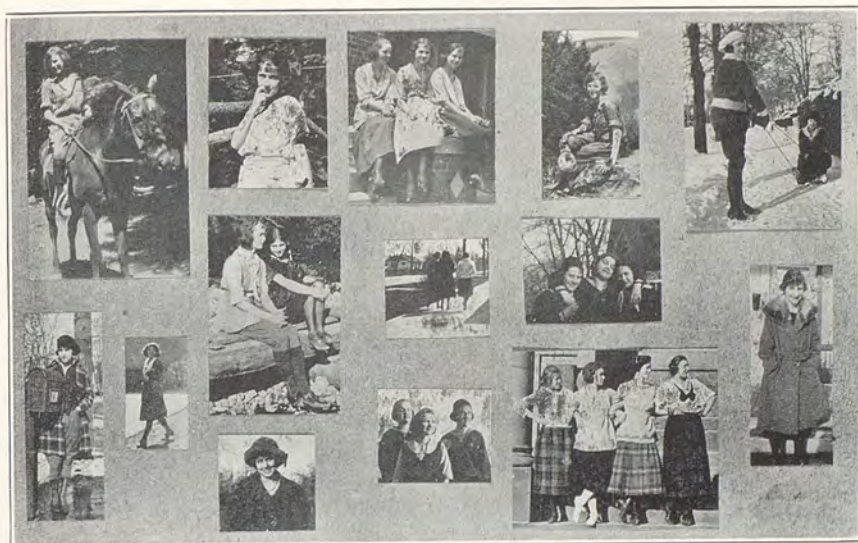

The league as a whole conducts elections, cares for all funds, prepares business for general meetings of all girls, promotes high standards of scholarship and conduct, and supervises the League Honor Roll. At the end of each semester the names of all girls in school who have fulfilled the requirements are placed on the Honor Roll which is published in the school and city papers. The requirements are: work in the league, attendance at meetings, at least 85 per cent in all studies, high ideals of conduct as courtesy, honesty, cleanliness, physical fitness, and observance of the dress regulations. In addition, those whose names have appeared on the list two, four, or six times receive, at a general convocation, a bronze pin, a silver pin, or a gold ring in the form of a league emblem.

The four departments of the league are Entertainment, Social Service, Personal Efficiency, and Vocational. Each department has its own officers and a number of different committees. The girls choose, at the beginning of each year, the department in which they wish to work. Departmental meetings are held once a month. Four times during the year the departmental meetings are given over to a general assembly of the girls, which is in charge of one of the four groups. The Personal Efficiency department has some very interesting divisions such as the Hikers Club, the First Aid Class under Miss Mary Elliott, the Naturalist Club, and Judges' Committee which is keeping a record of the points of the girls who are taking part in the athletic contests.

The Social Service department has given parties and picnics for the Freshmen and new girls, as well as looked after the girls who are sick and absent. Some interesting work has been done at the hospital, Christian Home and the Stubblefield Home. "Clean Up Day" was sponsored by the Poster Committee of this department. A Student Aid fund has also been started which will be available for girls who need financial assistance.

In the Vocational Department the Business Committee has an employment bureau which aids the girls in finding work. The Education Committee has been tabulating information regarding colleges and universities which is going to be a great help to senior girls especially. Magazines which are most needed in the high school library are being collected and filed.

One of the most interesting features that the Entertainment Department is planning is the Commencement Fete to be given in honor of the Seniors. This is to take place the latter part of May in the City Park. The girls of the high school are very enthusiastic and proud of the league. There are many benefits to be derived from it, and we hope that the league will be the beginning of a new era in the life of the girls and the most successful enterprise in which the girls have taken part.

Beginning the year with one member and ending the year with twenty-one members is our record and we are proud of it. This means that twenty-one boys in the school have received varsity letters for different branches of athletics. In reviewing the year's accomplishments we find the following to our credit: to begin with there was the Varsity Ball carried off with only such elegance as the W. W. Club is capable of; the W. W. Smoker; the handling of the basket ball games; the basket ball banquet; and the conducting of spring athletics. The most important thing that this club has to its credit is the significance of the W. W. itself. This etter means days and days of hard work and all for our school.

We take this space as our opportunity to express our appreciation and admiration for our tall, lanky coach, Mr. Zimmerman. He has done wonders with the teams he has had this year and we certainly think he is the best coach that we have had for years. We are proud of our organization and we hope that the school is proud of it as well. We want to thank the student body for its splendid co-operation. The W. W. Club will probably be the largest organization in school next year; so "watch our smoke."

The first meeting of this new organization was held on January 11, 1922. The purpose of the society is to further the interest in literary work in Wa-Hi, to take charge of the literary interscholastic contests and to raise the literary standard of the school to as high a degree as possible. The membership of the club is made up of those students who have received literary letters or who will receive them at the end of the school year. Although the club was too new to accomplish very much this year, it was instrumental in securing the cup for oratory given to the school by the Eh Kah Nam staff. The accomplishment of this amount of work in so little time shows that the members of the club are deeply interested in the purpose of the organization and will do their utmost to make the club worthy of its name as an honorary society of Walla Walla High School.

The Tillicum Campfire Girls have done a great deal this year. We have had three parties and two dances, given two "Hot Dog" sales and a Christmas play, gone on a sleigh ride and a camping trip and had a theater party. Tuesday is our regular meeting day and all our meetings are very interesting. The first Tuesday of the month we have a business meeting at noon in Miss Blynn's room, at school. The second meeting is held at Miss Blynn's home after school and we study pictures of famous painters. The third is a ceremonial meeting, also held at Miss Blynn's home and on the fourth Tuesday of the month we generally have some kind of entertainment at the home of one of the girls.

Although almost everyone has heard of the Campfire organization, not many know just exactly what it is. The Campfire is a band of girls, extending to all parts of the world, who appreciate the highest values in life and who wish to live so that their daily lives may be the application and expression of their ideals. Every girl in the Tillicum Campfire is striving to be more loyal to Wa-Hi.

When school opened, we found many new members of the faculty, but the one whom we all expected and looked for most was our new coach, Mr. Zimmerman. He began to work the first day he came and with a record which is a credit to any football coach, he started shaping a team. With only one letter man around which to build a team, he faced an obstacle which few coaches care to meet.

With the opening of the season he had a turnout of about sixty men, most of whom had never seen a football before. It was not long before the coach started to pick out enough men to make a team, and when the "whistle" started the opening game at Pasco, Coach Zimmerman had a team of "green" men against veterans. The score came out in our favor by 6-0. We did not expect to do the things that our former teams had done, but at the end of the season, we heard many comments from football authorities who said that our team showed better coaching and more fight than any other high school team that ever went to the "chalk marks" for the Blue and White. We had a heavier schedule than any high school in the state, but nevertheless we put out a team that knew how to wage war because we had a coach who taught us how to fight hard and clean.

We did not have a winning group but we were being developed into a team which will be a winner next year, providing all the material and our coach come back. Next fall we meet Everett high school here on Armistice Day. We expect to beat Everett and every other team that comes across our path next year.

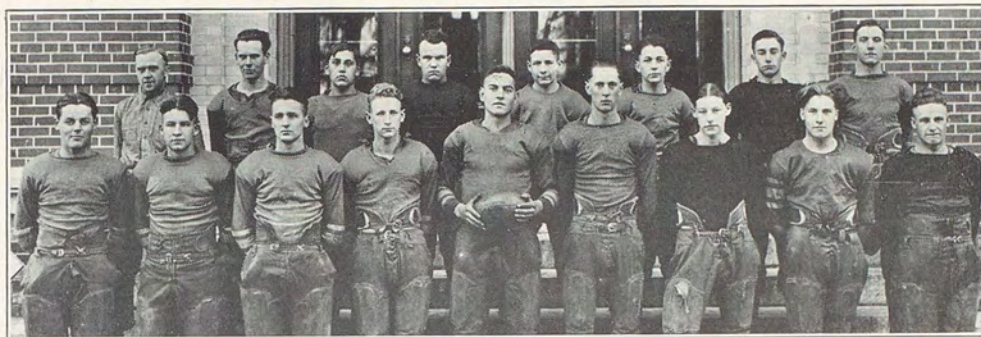

## PROSPECTS FOR 1922

We are all looking forward to next year as one of the best years that our high school has ever had. Most of our team of this year will be back and the men who are leaving will be replaced by such men as Woodhall, Henline and Johns, while we will have back Roberts, Johnson, Smith, Kidwell, Googins, Weigand, Tetherow, Sitts, and Jacky. With these men and Coach "Zim" we expect to have one of the best high school elevens in the state.

SECOND FOOTBALL TEAM

Coach Jones, Bruce, Tabor, Greenville, D. Jacky, C. Whybark, Taylor, Plucker,  
Kinman, Thomas, Woodhall, Owsley, Rice, Kuhns, Marek, Lynn, Miller.

## FIRST TEAM

Coach Zimmerman has had no easy task to mould inexperienced athletes into winning football and basketball teams. He stands firmly for good clean athletics and has brought Wa Hi much credit. He deserves unlimited commendation for what he has done for the school.

“Roberts”, our lanky captain, proved the right man for the place. Roberts will be back next year and will fill his old position even better than before.

“Schnopps” Jacky, Captain-elect, proved to be one of the best fullbacks ever seen in the blue and white. He had hard luck because of injuries in the early part of the season and had to drop out, but we expect great things of him next year.

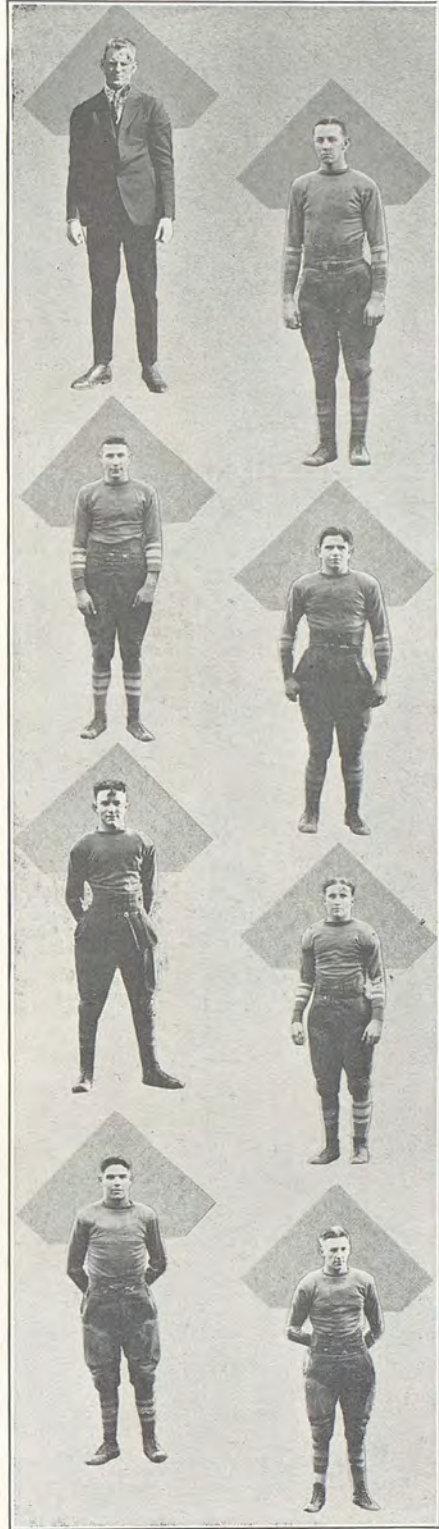

“Romeo” Smith at center was one of the bulwarks of the strong line. He was always on the job and always got his man.

“Toddles” Tetherow is noted for his trait of always coming up from the bottom of the pile grinning.

“Nigger” Rogers did not get into the game until the last of the season but when he got in he showed up well.

“Windy” Sitts did not get started until late in the season, but when he did, he made up for what he missed in the first part of the season.

“Billy” Cushman likes to be called Billy, especially by the girls. We give him credit for being one of our main stays in the backfield.

## FIRST TEAM

“Happy” Weigand was not considered mean or crabby enough to be a football player but we soon changed our minds.

“Old Faithful” Henry was the only letter man to come back this year. Denver was very useful to us because of his weight, experience, and cool headedness.

“Reedsy” Reed is one of our midget half backs who wasn’t large enough to be a regular but who did his best whenever given the chance.

“Doc Yac” Kidwell is another new man who showed his mettle under fire. He will be back next year to help Wa-Hi hold up her reputation.

“Googy” Googins played end without saying very much. He has several more years in school and should be heard from in the future.

“Just-One-More” Johnson played his first year of football as quarter back. He is a natural player and should be one of our main stays next year.

“Jew” Meyers showed flashes of wonderful playing ability. Steve was one of our fastest men and we missed him because of his injuries in the Everett game.

John Shaughnessy, “Shag”, is none other than our peppy yell leader. His natural ability has placed him in the front rank of yell kings and he will live in the history of Wa-Hi as one of the greatest of its “Pep” leaders.

Levi Ankeny, Guard. He showed every one that he had lots of fight.

Floyd Henline, Halfback. This good halfback will be playing regular next year.

Bert Corkrum, Quarter. He made up for his lack in weight with pep and fight.

Russell Bradley, Quarterback. Small but fast.

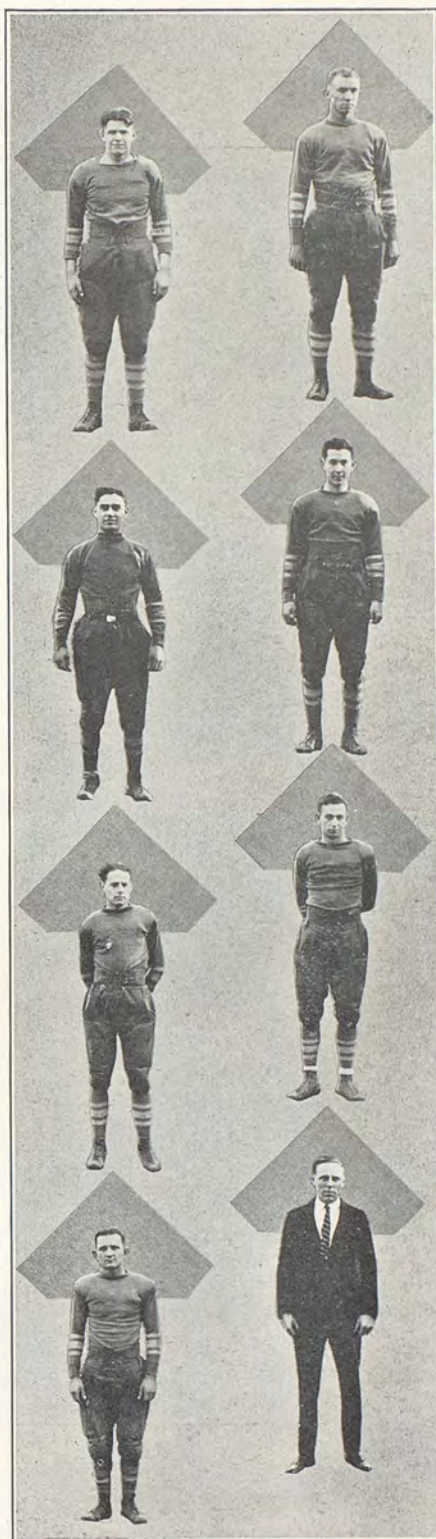

Harry Largent, Tackle. He played very good ball during the early part of the season.

Clarence Strange, Tackle. The heaviest and largest man on the field made good his size.

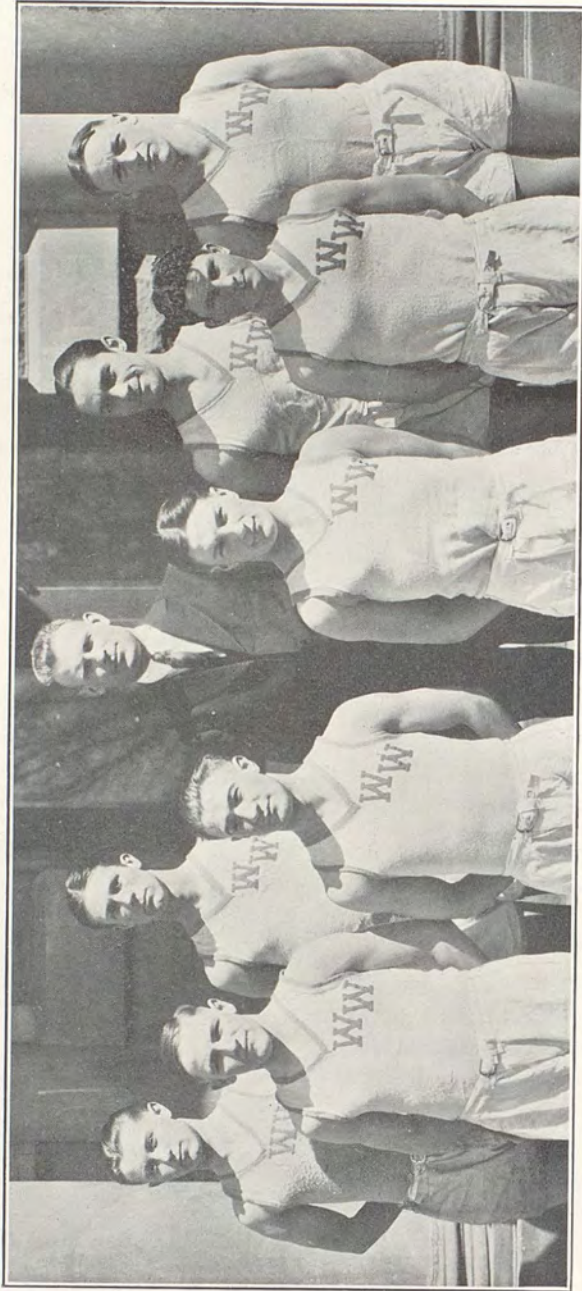

Haskell Johns, Backfield. He was one of the small back field men who played good ball.

Eugene Eppinger, "Jene", our athletic manager. We owe him a great deal of gratitude for the splendid way in which he conducted affairs.

Lyle Woodhall, Halfback. (No picture). One of the finds of the latter part of the season.

This year's basketball team was a credit to Wa-Hi. Although only one letter man was back as a nucleus around which to build a team, the boys made a wonderful showing. Prescott, Pomeroy, Kennewick, Pendleton and Clarkston were beaten on their own floors and the W. S. C. Freshmen were held to a smaller score by the Blue and White tossers than by any other high school. The defeat by Latah was a hard blow to take and was due partly to Averill's being laid up with an infected foot.

The outstanding feature of the team was their passing and teamwork. If one man was covered up there was always someone else to pass to who could shoot. The boys were unselfish in their passing and shooting, always being willing to pass to someone in a better position to shoot. This teamwork was the secret of their success.

With plenty of material for next season we are hoping to capture the state championship. We will have all our old men back with us next season, with the exception of Anderson and Yenny, who graduate. However, we have "Slip" Averill, Dick Gross, Burt Johnson, "Hank" Vincent, "Tweed" Cherry, "Hank" Hoon, and last, but not least, our coach.

If the student body stands behind us as they did this year we will, no doubt, have a "winner" next year. The coach is very well satisfied with this year's showing; so watch for our players in the near future.

WE PLAYED A GOOD GAME

# The Team

Clarence Zimmerman, Coach

Clark Yenney, our captain, and the only letter man from last year, proved to be the mainstay of the team. His excellent passing and floor work drew many favorable comments from opposing coaches.

Frank Averill as running guard scored many points with his long shots. He was a good passer and we expect him to play center next year.

Henry Vincent played guard and without a doubt is one of the best for a Freshman that Wa-Hi has produced. Vincent's close guarding is what helped us win the Pendleton game.

Burton Johnson, Henry Hoon, Subs.

Fred Boewer as guard played good ball whenever given a chance and with this year's experience should be a regular next year.

Dick Gross, captain-elect, is called by the boys "Dead Shot Dick." He was one of our highest scorers and also a good passer.

Otto Anderson, forward, proved to be our luckiest shot towards the end of the season. We are sorry to lose him next year.

Dale Cherry, freshman forward, proved to be the best shot on the team. We expect much from him next year because of his dribbling and speed.

WE'RE OFF.

# Track and Baseball

## THE SQUAD

*Top Row*—Kent, Davidson, Heater, Thompson, Jackson, Dubbe, Thomas, Coach Zimmerman.

*Middle Row*—Plucker, Richmond, Stoller, Amery, Taylor.

*Lower Row*—Horrud, Walker, Hoon, Lane, Miller, Shaw, Smith, Page, Mann (no picture).  
In the past there has been little done toward spring athletics; however, as our new coach thinks it is a good thing we are having a track team this year.

When a turnout was called for, many responded, assuring Walla Walla a fine representation on the following occasions: at the Interclass Track Meet in this city; at the Tri-County Meet in Waitsburg; and at the State Track Meet at Pullman. We appreciate the coach's interest in spring athletics as such activities bring much credit to Wa-Hi.

## THE TEAM

*Standing*—Summers, Lewis, Wright, Mortimer, Cushman, Kilburg.  
*Sitting*—Stoddard, Cherry Yenny, Gose, Hoops,

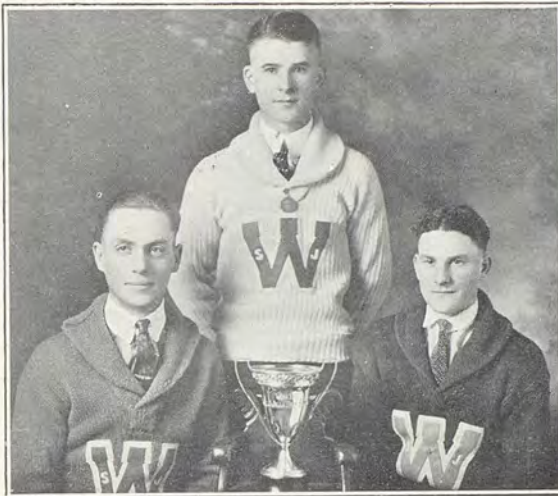

## Track and Baseball

Baseball, like track, has been little appreciated in Wa-Hi until last year and this. In the Twilight League last year we tied for first place and this year we hope to make as good a record. Mr. Kimmerly, an ex-ball player, is assisting Coach Zimmerman in putting out a team this year. We have had excellent turnouts and the boys are working hard.

The following is a list of games scheduled for the season:

Walla Walla	4	at home	April 12	Milton	13
Walla Walla	25	at home	April 14	Touchet	5
Walla Walla	6	at home	April 19	Waitsburg	4

## Stock Judging

THE TEAM

ADOLPHUS WEATHERS      AMZI MILLER      HENRY HOON

Wa-Hi has entered many activities and has almost always won highest honors in that particular activity. So it is with Stock Judging. Wa-Hi has never gone through a season without a winning Stock Judging Team. She has entered contests at the State Fair, at the Western Royal Livestock Show, at Spokane, and at the Pacific International Livestock Exposition at Portland, Oregon. At these shows no school has been able to equal, or to excel, Wa-Hi's standard of judging.

These judging contests are of great benefit to the individual, as well as to the school, because they are the actual beginning of a profession. It creates within a person a greater love for good animals. Also the school receives wider popularity as being represented in every activity offered for competition among schools. Wa-Hi's Stock Judging Team has established a great reputation for the school by winning the championship of the Northwest. Before the contests one can hear representatives from other schools going about saying, "If we can beat Walla Walla, the rest will be easy."

The team this year won a beautiful loving cup which is on display in the principal's office.

# Volleyball

"Hurrah! Volley Ball is here." Many girls were gladly saying the joyful words. Practice was omitted this year but the girls were always there for the games. The games were fast and snappy, the sophomores carrying off the honors.

# Girls' Basketball

## LETTER WINNERS

Christine Roedel (Soph.); Ruth Burtch (Soph.); Nettie Jones (Fresh.); Miss Clowes (Coach); Dorothy Gibson (Soph.); Etta Russell (Soph.); Eunice Marquis (Jr.).

Girls' basketball has caused much excitement this year. The girls showed their class spirit by coming out regularly to practice and when games began, all were full of pep and life. The games were hard fought and exciting. The sophomores, who claimed the championship by winning the most games, are hoping to be as successful next year.

The girls did their best during all the games, for they knew that the ones who were considered best were given letters. Next year we hope to see some new girls wearing a white "W W" on a Royal Blue sweater.

## THE TEAMS

*Seniors*—Mary Jane Cornelison, Clarice Watson, Maggie Depping, Helen Carstensen, Marie Taylor, Vida Norman, Isabel MacKenzie, Frances Ralls.

The staff of '21-'22 closes its work with a feeling of satisfaction; first, because of the financial success that has been attained without lowering the quality or quantity of material; and second, because of the encouragement that has been given literary work. It leaves behind an office equipped with a large desk, stamped stationery, advertising books, and other incidentals. In the encouragement of literary work, the Eh Kah Nam this year gave financial backing to the senior English classes in the publication of a newspaper, "The Magnavox," and has bought and presented a large bronze cup for the composition and delivery of an oration. Throughout the year the Eh Kah Nam staff has worked unceasingly, and has received much able assistance from the other students of the school.

Since 1911, the year in which the first issue of the Eh Kah Nam was published, Walla Walla High School has been represented through exchanges; student activities have been recorded bi-monthly, and literary work has been encouraged as much as possible. These things have been accomplished by the Eh Kah Nam. Through one hundred exchanges going to points as distant as Maine and Alaska, it upholds the standard of Wa-Hi in the eyes of other schools. But granting that the publication is a success materially, let us look at the financial side. From an inspection of the books for the last two or three years we can readily see that the students have been getting their copies at an exceedingly low figure.

For next year's staff the outlook is very good indeed. With the splendid talent that has been developed in the production of the 1922 Royal Blue a successful Eh Kah Nam staff for next year is practically assured.

To Miss Gertrude Maxwell, our efficient advisor, we here express our acknowledgement for the faithful help she has given throughout the year.

*Faculty Advisor—MISS LANE*

We of the annual staff of 1922 have tried our best to make this volume of "The Royal Blue" a success. We have worked with the aim of putting forth an annual which would not only please the entire student body but which would also be a credit to the school.

An addition of eighteen pages has made this issue larger than any previous one. It has made nearly one hundred seventy-five pages of pictures, jokes and editorials, memoirs for later years. The staff has worked eagerly and earnestly in trying to instill the spirit of Wa-Hi in every page and in trying to make this volume a publication that can be looked at with pride. We present this volume of "The Royal Blue" to the student body with a feeling of self-satisfaction and pleasure because we have faithfully tried to fulfill the trust in our ability.

## APPRECIATION

We of the annual staff wish to thank for their aid in making this volume of "The Royal Blue": the student body, whose co-operation with us has saved time, trouble and money; Edith Lambert, Katherine Brown, Henrietta Osterman, Maynard Baldwin and Foster Gruber for valuable services rendered in art; the advertisers whose aid has made this issue possible; and last, but most affectionately, the faculty advisor, Miss Martha G. Lane, to whose supervision we are indebted for the quality of this book.

# Debate

THE FIRST TEAM

JOHN THOMAS    MAYNARD BALDWIN    VIRGIL SMITH    COACH BLANKENSHIP

The question debated this year was: "Resolved: That the principle of a sales tax law should be adopted and added to the general taxing system of the federal government."

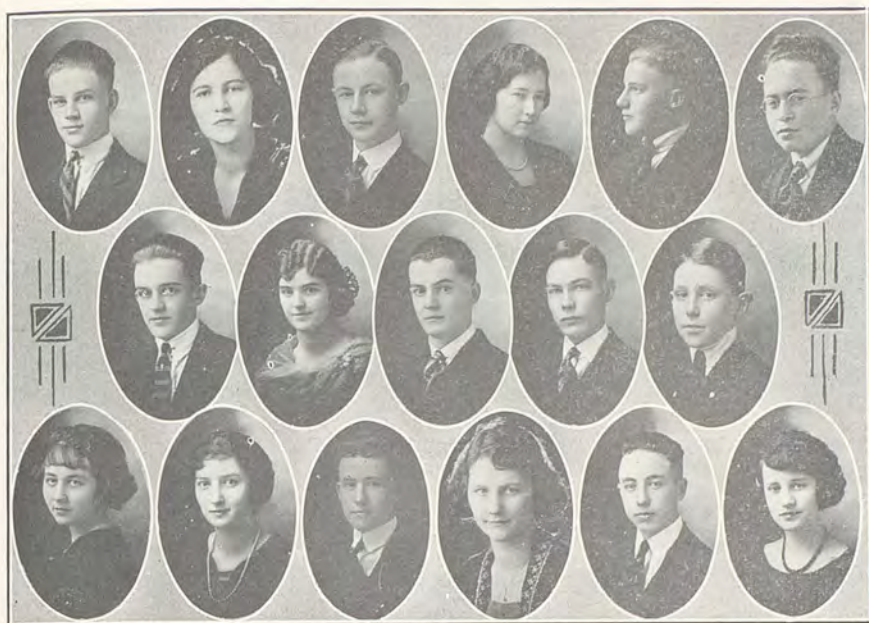

A different system of debating than that previously used in Wa-Hi was brought into practice this year. Instead of spending two or three months on research work and then taking part in only one or two debates, the gathering of material was cut short and more debates were scheduled. This system offers a much better training to the student than did the previous plan. A debate league which was formed this year, in this section of the state, promises much and in a few years will be very successful.

The main debate team which consisted of Maynard Baldwin, Virgil Smith and John Thomas, argued on the negative side twice, against Yakima and Colville, and once on the affirmative, against Lewis and Clark. Although Baldwin and Smith had had previous debate work, they had never appeared in public before and went through the season very well considering it was their first year on the platform. Thomas, however, was on the team last year and was undoubtedly the best speaker of the season. The team worked hard and did its best to make the season as much of a success as possible.

It was very fortunate for Wa-Hi that such a good coach as Mr. Blankenship was secured for debate. He was a university debater and we believe that he is the best high school debate coach in the Northwest. He is not only a good instructor in this line of work but an all-around good fellow who is liked by everyone who knows him at all. With Mr. Blankenship as coach next year Wa-Hi is sure to take the lead in debate.

Although Wa-Hi lost all three debates this season, the old Wa-Hi spirit will surmount all obstacles and when the debate season closes next year Wa-Hi will be in the lead.

# Debate

THE SQUAD

*Top Row*—Lyman Earnest, Marie Hamburg, Omer Kent, Esther Kimball, Lyman Lynn, Bernard Lehrer.

*Middle Row*—William Leonard, Tудie McCoy, Vernon McFarlane, Ronald Palmer, Stephen Penrose.

*Lower Row*—Viola Rosendahl, Margaret Smith, Mainard Smith, Irma Van Hollebeke, Bertram Warren, Eva Williams.

The second teams of debate at Wa-Hi this year had what might be called a very successful year. There were only two debates; in one the teams broke even and in the other the Walla Walla delegation won by a decision of 2-1.

The first contest was a dual debate with Pendleton. At Pendleton, Walla Walla had the affirmative of the question: "Resolved: That the United States should maintain a navy equal in size and strength to that of any other nation," and here we had the negative. The speakers for the affirmative were Tудie McCoy, Stephen Penrose and Omer Kent. Those of the negative were Marie Hamburg, Ronald Palmer and Lyman Lynn. At Walla Walla, we won by a 3-0 decision and at Pendleton we lost by the same score.

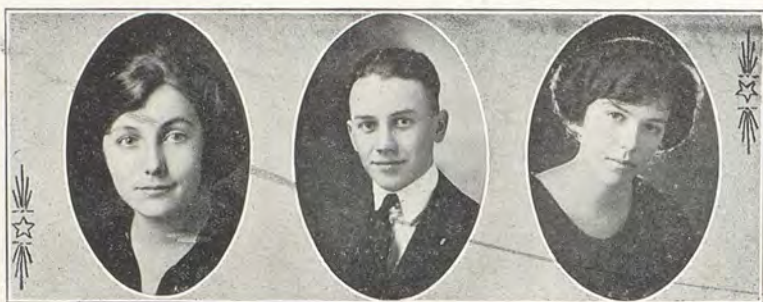

On the 24th of February, Vernon McFarlane, Irma Van Hollebeke and Esther Kimball sallied to La Crosse to try their skill at debating. The question for debate was: "Resolved: That the principle of a sales tax law should be adopted and added to the general taxing system of the federal government." Our team debated the negative of the question and carried off the honors by a 2-1 decision.

On account of there being only two debates and about sixteen members on the debate squad there were some who could not show their ability as debaters. It was an unfortunate situation but could not be helped. We may say, though, for Coach Blankenship, that he tried his best to get more debates for the squad and his best is a great deal.

It happens that all the first team debaters of this year are seniors and will graduate. This means that next year's team will be entirely new. Mr. Blankenship showed wisdom in picking such a large squad in order to have material for next year. He has some good debaters already and with the entirely new speakers that are sure to come in next year, our debate prospects look bright.

# Declamation

## THE CONTESTANTS

EDYTHE HUNTSMAN  
*Humorous*

CONSTANCE HURSPPOOL  
*Dramatic*

JOHN THOMAS  
*Oratorical*

More interest was shown in the Declamation contest this year than in any preceeding year. A great deal of the enthusiasm manifested was probably due to the successfu and entertaining burlesque contest between Wa-Hi and North Central, given in assembly by members of the expression classes, under the direction of Mrs. Teall.

There were over forty entrants in the first tryout, which was in the second week of January; so many of them had to be disappointed because only nineteen were chosen. Each speaker was given five minutes.

The next preliminary was different from the first in the respect that each speaker was given twelve minutes in which to talk. It was held in the auditorium before the coach and three faculty members ,who acted as judges, just as at the first tryout. The excitement was intense among the contestants, especially in the humorous class, for the judges required over two hours in which to make the decision. The result for the three classes was: oratorical, John Thomas and John Shaughnessy; dramatic, Constance Hurspool and Frances Johnson; humorous, Edythe Huntsman, Lawrence Jacky and Lucile Pell.

The final contest to determine the representatives to meet Spokane was held before the student body, in the first week of March. The result was as follows: oratorical, John Thomas; dramatic, Constance Hurspool; humorous, Edythe Huntsman.

On the evening of March 24, Wa-Hi won in the oratorical and dramatic classes, thus winning the victory over Spokane. After the contest the members of the teams had a very enjoyable time at a dance given by the Athletic W. W. Club.

Although the representatives in the oratorica! and dramatic classes were seniors, we hope to have a winning team next year as well as this.

## INTERCLASS COMPETITNON

The Interclass contests have been an annual affair for many years. In these contests true class spirit is shown and also good sportsmanship. Some of the activities, as girls' and boys' basketball, volleyball, declamation and the musical contest, require only a limited number of contestants. There are also other activities such as ticket selling, in which each member of the high school can take an active part. For many years this has been an annual activity of the high school. All the students take great interest in the contest for to the class that has the most points a shield is given as a trophy. The shield with the name of the winning class on it is hung in the main hall.

Last year the juniors, by much hard work, won the shield. At the present time, middle of May, the seniors are ahead with forty-two points. The sophomores and freshmen tied for second and the juniors come third. The classes are all working hard and are anxiously awaiting the end of school to hear which one will be the lucky class.

# Dramatics

THE SENIOR PLAY CAST

*Top Row*—Wayne Galloway, Lee McMurtrey, Bertram Warren, William Leonard, John Thomas, Robert Brown, Bernard Lehrer, Weston Whybark, Delbert Page.

*Middle Row*—Marvel McRae, Katherine Brown Charlotte Jensen, Clarissa Oakes, Viola Rosendahl, Jack Gose, Vida Norman, Mary Jane Cornelison, Elizabeth Clark, Dorothy Moore, Mina Carley, Louis Talcott, Charlotte MacKenzie, Henrietta Osterman.

*Front Row*—Mrs. Teall, Coach; Maynard Baldwin, Anna Largent, John Shaughnessy, Helen Haggerty, John Zeller, Ronald Palmer, Florence Averill, Eva Williams.

Even though Walla Walla high school does not have a dramatic club, a number of very good plays have been presented during the year. One entertainment in the form of a girls' minstrel show was given by the Glee Club. This play was cleverly worked out and was well given. The El Adrea Society and the Seniors also presented plays which were very successful.

Among the events which occur each year and which are looked forward to with eagerness, is the Senior play. Each year the Senior class presents a play with Seniors making up the cast. This year the method of a double cast is being used to cause sharper competition and the ones who are best prepared will be given the parts the night of the play. The play chosen for this year is "Merely Mary Ann," written by Israel Zangwill, author of "The Melting Pot." Mrs. Hazel Teall, who is coaching the cast, has been working very hard to make the play a success.

The names of those taking part are as follows:

Mary Ann, Lucile Brunton and Anna Largent; Mrs. Leadbatter, Katherine Brown and Helen Haggerty; Rosie Leadbatter, William Holmes; Lady Foxwell, Irma Van Hollebeke; Lady Chelmer, Elmina Penney; Lady Glynn, Charlotte Jensen; The Honorable Mrs. Fitzgerald, Vida Norman; Rowena, Mary Jane Cornelison; Gladys, Viola Rosendahl; The Sisters Trippett, Dorothy Moore and Marvel McRae; Miss Copley, Elizabeth Clark; Lancelot, Ronald Palmer and John Lewis; Peter, John Zeller and Maynard Baldwin; Mr. Brahmson, Delbert Page and Wayne Galloway; Lord Valentine Foxwell, John Thomas and Bertram Warren; The Rev. Samuel Smedge; O'Gorman, Louis Talcott; O'Gorman, Jack Gose; Jim Blaydes, Walter Cushman; Howard, William Leonard.

## BUSINESS CAST

Business Manager, Bernard Lehrer; Stage Manager, Weston Whybark; Property Manager, Robert Brown; Costume Manager, Henrietta Osterman; Scenery, Eva Williams; Incidental Music, Hazel Brotherton; Electrician, Lee McMurtrey.

THE ORCHESTRA

# Music

THE GLEE CLUB

The Glee Club of 1922 has lived up to its reputation. A negro minstrel, "Patchwork," was given by the members of the club before the student body in January. A piano solo, a banjo duet, songs, and dances, given in negro style, were features of the minstrel. A big event given May 26, was the annual concert with the band and orchestra. The glee club always displays its musical talent at the commencement exercises in June.

*Faculty Advisor*—MISS CORCORAN

## THE ORCHESTRA

The Orchestra also has proved a very popular organization in the school although not so much as the band. With a membership of nearly thirty pieces, it plays standard numbers in a very satisfactory manner. It has played several times in assembly, for the lyceum concert, and also for the commencement week exercises. Those playing in the orchestra are as follows: Clarinets—A. Carpenter, E. Neville. Cornets—C. Gillette, R. Wright. Violins—D. Crosson, M. Dyer, D. Gibson, E. Irwin, B. Jensen, G. Neville, H. Osterman, J. Page, A. Rypczynski, L. Sweeney, E. Unruh. Saxophones—H. Howell, W. Plucker, G. Tierney. Horns—G. Gibson, L. Hodgson, D. Tilley. Trombones: G. Simmons, L. Talcott. Bass—E. Barnes. Drums—J. Wright. Piano—J. Wright, C. Watson. Flute—J. Yenney.

## THE BAND

Speaking in praise of the band at the present writing is like throwing a pail of salt water into the Pacific Ocean, because this organization speaks eloquently for itself. The band, which now has a playing membership of sixty, handles the standard overtures and selections in a manner that would be to the credit of a professional organization.

When the band was organized in the fall of 1919, serious doubts were expressed as to its chances for permanency, especially when, being short one cornet, it was so seriously crippled it had to miss an engagement. The band then had a membership of fifteen. Now, no parade, review, inspection, or football game is complete without our musicians.

One of the best friends of this organization is the Commercial Club. The brass sextet has played frequently at the Commercial Club lunches while the band has made trips under its auspices to Pendleton, Pasco and Kennewick. The band also played at the Fruit Show at Freewater, Armistice Day. Much credit is due to Mr. Tilley for his excellent work with both band and orchestra.

Those playing in the band are as follows: Drum Major—O. Anderson. Clarinet—A. Carpenter, R. Coston, H. Deye, G. Eubanks, T. Monroe, B. McDonald, E. Neville, C. Palmer, R. Rice, H. Robertson, H. Steller, R. Woods. Cornet—G. Brown, C. Gillette, A. Hoyt, F. Hawkins, H. Johns, F. Ovens, F. Schlee, P. Smith, W. Sims, R. Wright. Alto—G. Gibson, L. Hodgson, E. Kelly, A. Mayfield, R. Yeend, D. Tilley. Trombone—M. Broxson, W. Googins, H. Swant, G. Simmons, O. Tighe, I. Woodhall. Baritone—R. Sebert, L. Stillwell, L. Tierney, L. Talcott, E. Woodhall. Saxophone—E. Curcio, J. Davin, C. Fitzpatrick, H. Howell, L. Lutchter, S. Moore. Wm. Plucker, J. Prather, O. Stockman, G. Tierney. Bass—E. Barnes, C. Diebel. Drums—C. Baker, B. Jensen, J. Wright, J. Yenney.

Where's Your Uniform?

WE PREPARE

Military at Wa-Hi this year has gone over the top. Through the efficient and considerate direction of Major Jesse M. Holmes, the battalion has advanced rapidly and consistently. Sergeant George Mix was unfortunately taken from us at the middle of the year but with the assistance of Sergeant Roy Wilmot and the increased efforts of the officers, the training has continued on a high plane of efficiency.

The accomplishment of several stupendous advancements has particularly characterized this year's battalion as an unprecedented success. In this connection the organization of the Non-Com Club and Officers' Club and of the sponsor group, should be mentioned. Recognition is so deserved by the National Rifle Club organization which many of the boys joined at the first of the year. Through the Rifle Club the boys have been presented with a fine opportunity for some practical field work in marksmanship.

The election of sponsor girls to represent the respective companies, the battalion, and the band was a great step forward and the boys entered into it with interest. Besides executing their official duties in a fitting manner, the sponsors have organized themselves into a club and have even competed with sponsor groups of other schools in a rifle match in which they won the blue ribbon.

One of the most prominent activities of the department is the Annual Grand Military Tournament which, beginning last year, will be featured at the end of each year's work in military training. During the year the companies have been preparing continually for the competitions for the trophies offered at the tournament. This preparation and the extensive system of awarding prizes which Major Holmes has initiated have tended to elevate the standard of efficiency in the unit.

*Front Row*—D. Davis, L. McMurtrey, J. Lewis, K. Baumeister, G. Lane.

During the winter months the Wa-Hi R. O. T. C. held three competitions, individual, company and unit. From the individual scores fifteen men were chosen from each company, and of these forty-five, the fifteen who made the highest scores in the inter-company competition were selected as the battalion rifle team. Two matches were held this year, one with the Morgan Park Military Academy of Chicago, and one with the other military units of the Ninth Corps area. The team won from the Chicago school by 10 per cent, and stood eighth among the junior and senior units of the West. The average of the ten highest scores was 77 per cent. The members of the battalion rifle team have been awarded gold stripes and those of the company teams silver stripes.

The following scores are the best that the members of the team made during the different matches. They are out of a possible 600: Harvey Stoller, 493; Frank McCowan, 493; William Schneidmiller, 486; Virgil Smith, 484; Glen Lane, 479; Arthur Emigh, 476; John Lewis, 471; Emory Bundy, 457; Dale Whiteman, 456; Karl Baumeister, 451; Kenneth Kinman, 451; Archer Hoyt, 449; Paul Nelson, 445; Lee McMurtrey, 437; Donald Davis, 431.

### THE GIRLS' RIFLE TEAM

Caroline Burtch, Elizabeth Clark, Eva Lanning, Tудie McCoy, Edna Hender, Edith Hender.

When the smoke of the recent Sponsors' Gallery Match had cleared away, it was found that Wa-Hi had again attained first honors. The sponsors participating in the event were: Edith Hender, Edna Hender, Eva Lanning, Tудie McCoy, Caroline Burtch and Elizabeth Clark. Lucile Brunton, alternate sponsor for Company C was unable to shoot because the team was to be composed of six members, according to the challenge. When the final scores were added the standings were: Tудie McCoy, 436, (out of possible 600); Caroline Burtch, 420; Eva Lanning, 418; Elizabeth Clark, 375; Edna Hender, 376; Edith Hender, 330.

This gave us first place with a total of 2347 out of a possible 3600, or 65.1 per cent. The Ogden girls, who had previously won from the California girls, were second with a total of 2328, Boise third with 1950 and Ontario with three sponsors shooting was fourth with 537 out of 1200.

THE EDITOR has not endeavored to adhere strictly to the heading editorials, nor has he attempted to write all of the following articles himself; rather he has made the editorial section a contribution box for those who have opinions and who care to express them. ### A STEP BACKWARD

IT IS a great misfortune to the school and a decided impairment to the curriculum that the school through the dropping of the position of the dean of girls. The work that has been done by Miss O'Connor and her predecessors is of such obviously high order that the students ought to start a ceaseless agitation for the restoration of that position.

Such changes mean a loss of efficiency and Walla Walla High School instead of being ranked as one of the best schools in the Northwest is in fair way to become a school of the second rank.

However necessary the curtailment of the school work may have been, this step is none the less unfortunate for the students. Sewing must be eliminated along with expression, and students who wish to acquire one of the most essential of the household arts along with those who wish training in public speaking must learn at home. The work in the Agriculture department also has been injured by the resignation of a man who is thoroughly equipped for this work.

Disastrous as is the loss of these departments, probably the hardest blow will come to the school through the dropping of the position of the dean of girls. The work that has been done by Miss O'Connor and her predecessors is of such obviously high order that the students ought to start a ceaseless agitation for the restoration of that position.

### THE EXAMINATION QUESTION

EXAMINATIONS! Immediately we cringe and begin to think of awful hours of torture spent in answering a list of questions made purposely difficult to cause our failure. You in Wa-Hi are, however, inclined to be prejudiced because it has been some time since regular semester examinations have been given there. Stop a minute and open your mind to consider why term examinations are valuable. They provide practically the only way for the teacher to find whether or not the student has received anything from the course. They also insure study, with the intent to learn and remember for a longer period than just for a day or at best a few weeks. These are the two principal reasons for all colleges requiring term examinations. Some of the best colleges require stiff entrance examinations also. Students who have not had regular term examinations in high school find it very difficult to pass such examinations in college. There is much to learn; how to conserve and regulate time correctly; how to grasp the meaning of questions; how to practice self-control and to concentrate enough to keep from being distracted by slight disturbances in the class room,—all these attainments come only from practice. To have to wait until you get to college to learn these things will work a great hardship. At Whitman it has been found that the students who come from schools requiring and giving final examinations do much better in the tests than do those who do not come from such schools. Obviously it seems that it is best to have examinations covering a term's work in high school. It has been said that what you can not tell or write you do not know. This saying finds its application in the examination system. Too many study for a day's recitation and forget, once the lesson is recited, thus losing the main value of the work. The question deserves consideration at least.

## OUR ARTISTS' COURSE

**G**REAT people are the instigators of greatness. When our former principal, Mr. Jones, added the lyceum course to the series of yearly events at Wa-Hi, he made a master stroke in the process of training and educating the young men and women entrusted to his care. Nothing can inspire or encourage the student more than a living, breathing example of greatness itself—the ideal which he hopes to attain and for which he strives. When a student is shown that his ambitions can be realized by others of his kind, then you have given him the inspiration necessary to make him work with a will toward a more definite purpose and to accomplish greater things. Wa-Hi ought to be proud of the fact that it is one of the few high schools that can boast of a course so valuable to its students and to the community privileged to attend. The lyceum should have the loyal support of everyone who realizes that it is a source of entertainment and knowledge and that it is based upon the solid foundation of national greatness, worthy achievements and worldly progress. This year Wa-Hi has had some difficulty in obtaining the numbers originally scheduled on the lyceum course, but in cases where substitutions were made, those who took their places were even better than the original numbers. This term the following celebrities displayed their talents to the students of Wa-Hi: Gorst—Nov. 2; Althouse—Jan. 23; Sabatini—Feb. 6; Cadman—Feb. 23; Cherniavsky Trio—Mar. 14; Macbeth—April 12; Akeley—May 15; and Ver Haar—May 19.

THE CLASS OF 1921 FROLICS

### A DAY OF FESTIVITY.

**S**ENIOR DAY as it is known has been a day of real pleasure for the members of the graduating classes of Wa-Hi. The other holidays of the year have been dry and weary in comparison with the gala day when the companions of four years gather for a good time. Just imagine for yourself a day when the drudgery of study can be forgotten and you can join a happy festival heart and hand.

On this day the members of the Senior class descend from their lofty perches of dignity to frisk and frolic about the halls, dressed in every conceivable costume possible to the imagination; or to wander to some shady nook there to indulge in the gaities of a picnic.

None begrudges the Senior his day of festivity, none thinks the graduating class wastes its time, but all slyly wink as they behold the imps of mirth, and joy confounding the imps of toil.

The time has come when those who have been with us so long are going their own ways in the paths of the world. Some may never meet again after their high school days have passed, for the earth's dominions stretch far to the east, to the west, to the north, and to the south.

Happiness and prosperity to those who gather for a last farewell before their respective places in the world shall beckon them on and out of our lives.

May Senior Days be everlasting!

## THE OLDER BOYS' CONFERENCE

**T**HE Older Boys' Conference this year, at Kennewick, is the most successful one that we have had. Although there were not as many boys as at some of the other conferences, there were one hundred and fifty boys there who knew what they wanted out of the Conference and came to get it. Nearly all of the boys had attended one or two conferences before and they knew what to expect, while the first year boys got a great deal more than they expected.

The theme of the Conference this year was leadership, leadership of all kinds. We learned the qualities that a leader must have and we learned the price of leadership. With such inspiring topics as these and such capable and inspiring leaders as Frank Moran, George Cole and Tracy Strong there was no one who did not derive a spiritual benefit from the conference.

In addition to the fact that everyone had a good time, since we were so pleasingly entertained by the people of Kennewick, there were many other things that we received from the Conference. Not the least of these was friendship. It is difficult to realize what the world would be like if it were not for friendship. At previous Conferences we had made enduring friendships and at this Conference we renewed these to the full extent of our ability and formed new attachments. Aside from this the greatest benefit received was a vision of life as we can make it by effort rather than by the lazy, humdrum everyday existence, with which most people are content. With a little effort and a little ambition we can make our lives stand out among others and count for something in this world.

It would be impossible to over-emphasize the pleasures and lasting benefits derived from such a Conference; if you don't believe this, honor the Conference at Dayton next year with your presence and see for yourself.

## A WORD FROM THE ALUMNI

**T**HE OFFICERS of the Alumni Association are as follows: president, Richard Jones, '16; secretary, Lillian Batchelder, '03; treasurer, Ned McLean, '02.

The first class to graduate from the Walla Walla High School was that of 1893, with four members. In 1894 at commencement a banquet followed by a dance was given. A custom was then established and now there is really an annual reunion of classes on graduation week, with banquet and dance. At the present time the Walla Walla High School Alumni is one of the largest organizations in the city. Its members number over a thousand who can be found in almost every walk of life. There are lawyers, farmers, merchants, dentists, housewives, school-teachers, employees of the federal government, civil engineers, men in the army, the navy, and last but by no means least, men and women, occupying places of trust in our own city and county offices. In fact, the list is almost endless. There is one of our number who is a missionary in far off Syria; while another who attended the old high school at the same time, is a lieutenant-commander in the navy.

Our record during the world war is one of which we can well be proud. Those who fell in the great conflict are placed with those other heroes of ours who died in '98 and we will ever revere and cherish their memory.

The graduates of '22 are all privileged to join this great family and as they grow older they will find, as we have, that no matter where they go, and no matter what new ties of friendship may be formed, there will never be any friends that will quite take the place of their schoolmates at old Wa-Hi.

Lillian Blackman Batchelder, '03.

## CLEAN UP THE YARD

**S**OMETIMES as I look around Wa-Hi's school grounds I think that the students have eyes but cannot see. Here and there are pieces of paper, chewing gum wrappers and perhaps partly eaten sandwiches. It looks ugly to say the least and yet the students persist in such carelessness. "Oh, well, the janitors will clean it up; why worry?" This is what might be said by some student who thinks very little about the lawn. The janitors do try, to clean up the litter, but they have other things to do than to act as the students' nurse-maids. They can't spend all their time on the things the students should do for themselves. Supposing that the janitors do get around once a day. Presto! In a very short time the grounds are in the same condition as before. Students of Wa-Hi, the condition of the lawn is fast becoming deplorable.

An untidy school-ground reflects, first on the school and next on the students themselves. A passer-by might say: "Those High School students must be a careless lot to let their yard get in that condition." Do you students want to have a bad reputation with the townspeople? If you don't, henceforth let "A little care will be my share" be your motto.

## A NEW REGULATION

AT FIRST, few students of Wa-Hi evinced much appreciation for the new school law which required them to receive a passing grade in at least two studies. Some of us, even, expressed no little concern in regard to the law while many of us imagined that we perceived "Old Harry" tampering with what we deemed our private affairs. However, as time has revealed, this rule has failed to depopulate our school as was feared by many; but, instead, it has stimulated a closer acquaintance between the scholar and his books.

Of course, it is evident that there must have been some necessity for exacting this law whose muzzle is surely aimed at many though its discharges may hit few. There are a few "tin-horn Johnnies" who attend this institution simply to escape work. They sneer at every effort made for the betterment of our high school and fail to pass in half of their required subjects but not because they are "dumbbells." The high school gladly tolerates that class of individuals when they work but not when they will not exert the slightest trifle of energy necessary to make even one credit a year; so it is for these "ne'er do wells" that this rule is proposed, and no student with a sense of justice will claim that there is anything unfair connected with this regulation.

THE ORATORICAL TROPHY

## FOR THE INTEREST OF LITERARY WORK

TO AROUSE an interest in public speaking and composition in this high school, the Eh Kah Nam has presented a cup, the picture of which is above this article. Each year in the spring, a contest will be held and the name of the person delivering the best original oration will be engraved on the cup. This year, although the cup was not presented until late, about fifteen entered the contest; at the time this book goes to press, however, the finals have not been held. This cup, which is to be placed in the Trophy Cabinet with the others we have won from time to time, will show that our school is ready to recognize literary ability. Much credit belongs to the Eh Kah Nam staff of this year for realizing the need of such a contest and for having the initiative to begin what we hope will become an integral part of the activities at Walla Walla High School.

## JOURNALISM IN THIS HIGH SCHOOL

**S**OMETHING entirely different was accomplished by the Senior Class this year, something that is worthy of the support of every Wa-Hi student. Everyone who read a copy of the Magnavox realized that it brought out one side of Wa-Hi, as yet undeveloped. The paper seemed to fill out the lacking side of the school life. In the short time given to advertise the paper, and in spite of the price, which to some appeared exorbitant for a four page edition, over five hundred copies were sold, or nearly as many as the accumulated circulation of the Eh Kah Nam. Next year when a similar paper is published, as we all hope there will be, the price may, as well be five cents instead of ten cents, because it has been proved this year that enough copies will be sold to make five cents sufficient for a copy.

The ultimate aim in boosting such newspapers is to secure a new course of instruction in Wa-Hi—a course in Journalism. At first this seems practically impossible, but yet nothing is impossible that is wanted, and for which there is need. Our school board will probably not secure such an instructor for next year, perhaps not for the year after that, but by insistently publishing a school newspaper for even one issue next year, perhaps we will attract the attention of the school board, and show them that we are interested in, and working for a course in Journalism.

There is just one other side to bring out here. We-Hi is the only school of its size in the state, we believe, that does not publish its own school newspaper. In fact, a great number of smaller schools have this much-to-be-desired newspaper. So, Students, get behind this movement, and put forth your efforts for a regular school newspaper; and, although Wa-Hi is famous now, we will enlarge her fame by the addition of a school newspaper!

## SCHOLARSHIP

**V**ARIOUS activities are carried on in Wa-Hi in order to develop various characteristics but without a doubt the most important of these are the class-room activities. In order to encourage scholarship an honor roll has been established and the boy and girl who lead their respective classes are awarded medals. The first time one leads his class in scholarship he is awarded a bronze medal, the third time a silver medal and the fifth time a gold medal. All pupils who have an average of 90 per cent in four complete subjects are entitled to have their names placed on the honor roll.

High grades do not signify that the goddess of wisdom was kind on the birthday of the one who wins them. They do not signify an abnormal brain. They mean more than either of these for they signify work, patience, determination and an ideal. They mean that the winner has put his lessons before everything else in order that each day's work should help him on towards his goal. He has not given up because he has found something hard but he has attacked the difficulty with vigor and overcome it. He has had an ideal to which he has been true and to attain which he has constantly endeavored. This ideal has not been merely to attain the honors of scholarship but to do that which he has had to do to the very best of his ability.

## WA-HI'S NEED

**T**HE GREATEST obstacle that any athletic team has ever had to face in the history of our school is the need of an athletic field. Recently we have used the field which Wa-Hi had leased from Whitman college, but owing to the great growth of Whitman during the last five years, we have been forced to give up the grounds which had become known at Wa-Hi field. After looking around for a new field, we were given Sharpstein school grounds, but the grade schools took possession; so again we were minus a place in which to practice our sports. We finally grew disgusted and used our front lawn.

Finally deciding that we could not use the lawn any longer because of the numerous injuries suffered by the boys falling on the cement walks, we again looked for a new field. This time we were successful in obtaining the grounds located about a mile and a half from school. This long distance did not daunt our spirit for we were once more on a dirt field, although late in the season.

The need is imperative. We can not go on another year without a good field. It certainly is a disgrace that a high school as large as the one in Walla Walla can not afford an athletic field. How does the student body expect to win victories in athletic contests without an athletic field? We must boost and fight for the one big thing which we need most—a new Athletic Field.

**VALUABLE REMINDERS**

**LITERARY OR ATHLETIC?**

**W**ITHIN the past year one of the factors that has seemed to determine a student's stand in school life and among his or her friends was this: Is the student for the Literary group or Athletic group? If a person did not line himself on one side or the other he usually was left entirely out of school politics.

It seems that the breach between the two factors is the result and outgrowth of a feeling among the students for a number of years. Last year's Associated Student Body election was the climax and at this time both factions opened up their "heavy artillery" fire. Everyone knows that a political campaign carried out to the extent it was last year is injurious to the feeling of harmony that is supposed to exist in the school.

Which side was in the right and which was in the wrong? It would be difficult to try to draw any conclusions as to the responsibility for some of the regrettable things that happened last year. The Athletic group, however, started the idea of the Campaigning that was done. Perhaps the responsibility for the political assembly rests with the Literary group. At any rate, several things happened which would better have been omitted.

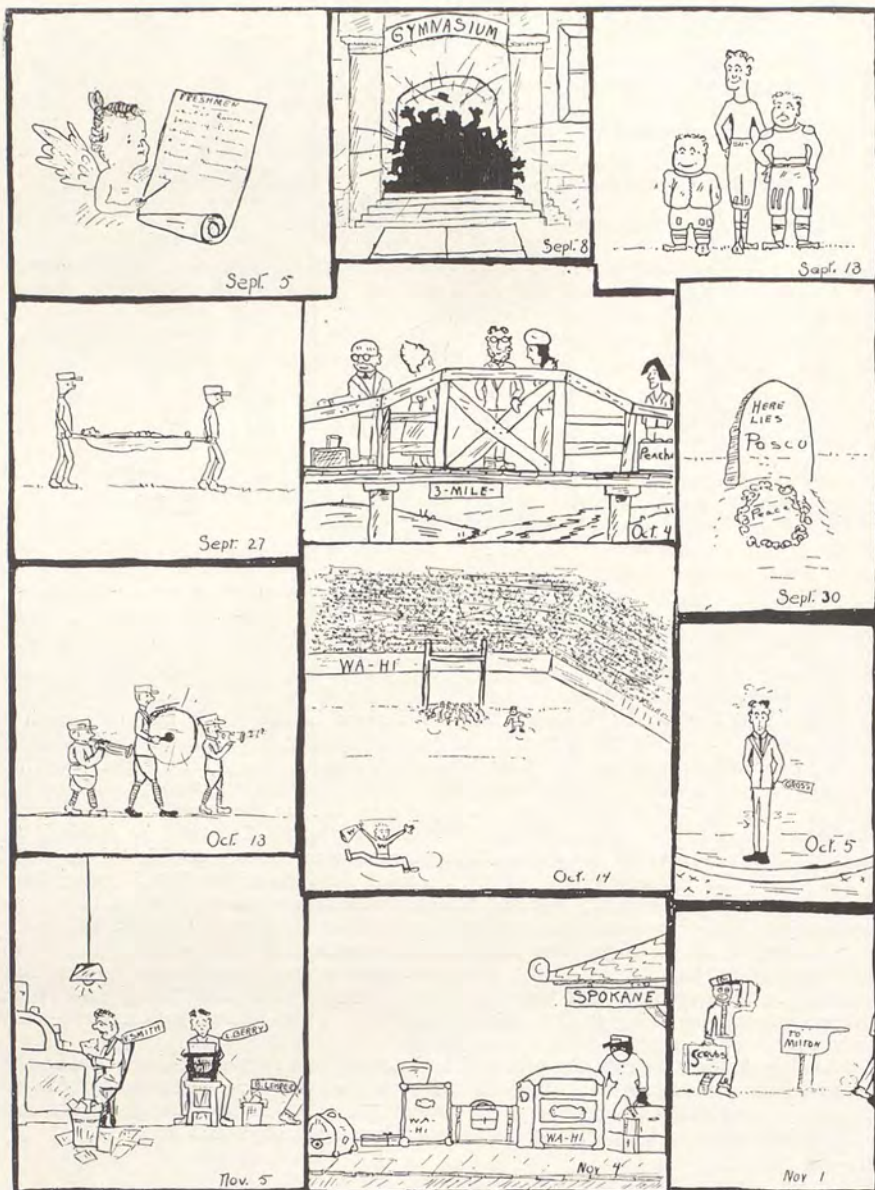

For a number of years previous Athletes have dominated student government offices. The Literary group has been steadily growing and everyone should come to realize that there should be an equalization of power. Unless there is an equality manifested within a short time there will be a big split in Wa-Hi cooperation, and student government even may be abolished.

Let us forget everything of the past and look toward the future. Things appear a great deal more promising for the recruiting of the two great factions. The Senior Class that graduates this year leaves a challenge to all Wa-Hi students. That challenge is that student government be maintained by earnest cooperation among groups and factions.

DEEP STUFF

(Note Lehrer on the pickle can and Tarzan of the Apes)

DUMB-BELL POEMS.

There is a young man named Lehrer,  
Who is known to have black, kinky hair.  
Of all of the boys  
He makes the most noise.  
His presence we really can spare.

There is a youth named Lee,  
Of the McMurtrey gens is he;  
He always would balk  
When with his girl on a walk.  
A timid young fusser is he.

With our dashing and charming McCoy  
The principal subject is Boy;  
She breaks all their hearts,  
After that she departs;  
To her all their grief is but joy.

There is a slender and wily old Bundy  
Who took his girl for a ride on a Sunday;  
The 'flivver' broke down  
When ten miles from town.  
They reached the old burg on a Monday.

There's our charming and clever Char-  
lette,  
Poor Berry, she sure makes him sweat;  
At her slightest glance  
You see Berry dance;  
They're the cutest young couple I've met.

There's a talkative Senior named  
"Shag",  
In a speech his tongue will not lag;  
He cut once too much  
And then was in Dutch,  
Of a tin loving cup he can brag.

There's a lady that's named Henrietta,  
You'll agree, I am sure, there's none  
better;  
She's nothing that's slow  
With a pen and a bow.  
It's a joy to say you have met her.

Our tiny and clever old Beasley (Pen-  
rose)  
In size he's really quite measly;  
One night after school  
He fought in a duel,  
He killed off the others quite easily.

Then Lizzie, whose last name is Clark  
At her books is really a shark;  
You don't need to tell her  
Very much about Zeller;  
I've heard that she sings like a lark.

In Wa-Hi there is a great need  
Which is supplied by the presence of  
Reed.  
And although a dunce  
He made the honor roll once;  
He is puffed up because of this deed.

A husky young Soph is our Lynn.  
Mr. Lacey, he says it's a sin,  
That in his white sweater  
He often has met her;  
Perhaps someday they'll be kin.

And last but not least is old Levi,  
Not often with girls does he hie.  
Quoth he, "I do study  
But my ideas are muddy;  
I fear that my grades will not be high."

By A. Dumb-Bell.

Speaking of an alumni member, Mabel Thomas said, "She makes little things count."

"How does she do it?" asked Helen Bailey.

"Teaches arithmetic in a primary school," replied Mabel.

A fellow never fully understands the hardness of the world until he falls off a bicycle a few times.

John Wilson—"I had a fall last night which rendered me unconscious for several hours."

Ted Monroe—"You don't mean it? Where did you fall?"

John—"I fell asleep."

"Don't talk to me about compulsory vaccination," exclaimed Carl Connell as he shielded his arm, "I'm sore on that subject."

**Death of Clark Yenney a Mystery—  
"Fright" Thought to be Cause**

Tearful mourning now prevails at Wa-Hi because of the mysterious death of Clark Yenney, renowned citizen of that institution.

The story of the mystery is one of deepest sorrow. The many friends of the deceased say that if the cause of his death were definitely known, the sadness would not be so hard to bear. The account of the death, as told by the reporter of the Hasbin Journal, follows:

"Clark Yenney, the deceased was seen Wednesday afternoon, May 31, on the campus, rolling a pair of dice, opposite two other ruffians. Because of this crime he was called into the office of Principal Ben Taylor."

(The Hasbin Journal reporter was also in the office.)

"The principal first told the culprit that he had been found guilty of shooting craps on the school campus. When Mr. Taylor told him to leave, he stood perfectly rigid. Upon examination it was discovered that the soul had flown and the body was lifeless."

Mr. Yenney's friends point out that the affair was doubly tragic because of the fact that Clark would probably have graduated from Wa-Hi this season, as this is the sixteenth year that he has attended the high school.

JOURNAL"**

The above illustration is a reproduction of the scene in Principal Ben Taylor's office from the pen of the Hasbin reporter. It shows Clark Yenney just before his mysterious death, and the principal sitting at his desk.

Through the efforts of the McRae Detective Agency, the identity of Mr. Ronald Palmer has become known to the officers of the community. He is known at the Shaughnessy - Reed School for Feeble-Minded as Samuel Sapp the Simple. Several months ago he escaped through the help of a friend, a certain Miss Belleida, who later wrote the letter which betrayed Mr. Palmer.

At the time of his arrival here last September several townspeople suspected that Mr. Palmer was not correct and engaged a member of the McRae Detective Agency who succeeded in intercepting a letter which bore the address of Mr. Ronald Palmer and the postmark of S-R S for F. M. Freewater, Ore.

Ghastly news has been received that the notorious criminals, Jack Smith and Daniel Jacky, who were recently convicted of vagrancy in the first degree and sentenced to an indefinite term in the state penitentiary, have crawled through a knot hole in the concrete wall to the exterior of the campus.

The warden has called on Mr. Oscar (Meringo) Hovrud, the mayor, and has asked him to allow him to use the city purebred bloodhounds, Emmett Higgins and Johnny Wilson, who can locate anything within an area of one thousand miles.

To the great appreciation of all its readers, the former Wa-Hi Magnavox has been forced to discontinue operations.

When interviewed about the matter, Business Manager Mr. Norbert MacMartin denied that he was the thief but said that Mr. D. Church or Miss E. Kimball would be able to throw some light on the question.

As a result of the tragic end of the Magnavox, Lee McMurtrey, Editor-in-Chief has become a raving maniac and wanders incessantly through the town.

Walla Walla, June 1, 1922 — Levi, Ankeny, Jr., noted banker and duelist, is today near death on account of blood - poisoning received in his last duel with President Penrose, Jr., of Whitman College. The wound was made in the leg by a saber which was cruelly thrust by Penrose. Because of his hardy constitution it is feared that Ankeny will recover.

## A MISCELLANEOUS DRAMA

### Scene First

Enter Lyman Earnest. John Shaughnessy enters in a fit of rage. He strikes Lyman on the dome. Lyman curses him roundly in vigorous pantomime, but John is better trained in that art. John draws his sword and lays it on the table.

Enter attendants. They are ahead of schedule but are determined to get the act finished. Lyman in revenge puts red pepper on John's sword. Presently the show begins. The first stunt features John Shaughnessy, the sword-swallower. He swallows his sword, chokes to death on the red pepper and is carried off the stage. Leo Irwin enters and tries to borrow four bits from Lyman. Lyman gives him a bogus hicky.

### Another Scene

Enter Bert Warren stealthily. He sniffs the odor of Marie Taylor's biscuits. As he reaches for one of them, Marie enters, screams, and throws a fit. Lyman enters. They battle. Bert throws a biscuit and keels Lyman over. Exit Bert. Lyman comes back to life and walks off the scene.

### Climax

Bill Leonard enters. Bert enters and accuses Bill of being a bigamist. Bill draws his jack-knife.

Bert—What ho, the guard.

Silence—Bill pulls a sneer.

Bert—What ho, the guard.

Enter the guard.

Bert—Fire this man. He's the bunk. Soldiers seize Bill and bind him to a tree and pile a fire around him.

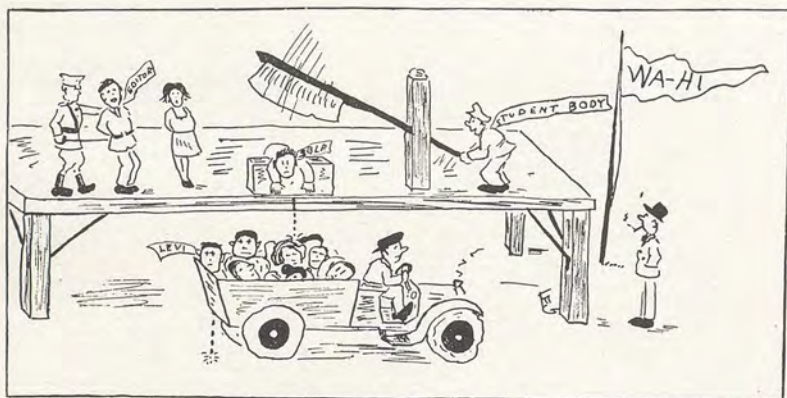

Bill burns and the rest dance about him.

Exit.

There was a man from Amazon,  
Could not get his pajamazon,  
He'd grown so big and fat for it,  
The dog-gone thing, it would not fit,  
And so he put his grandmazon.

Prof., shaking student by the collar—"I believe Satan has got hold of you."  
Student—"I'm sure he has."

Here's to the man who's reading his Annual,  
And reading his Annual alone.  
Down with the man who's reading another's  
When he should be reading his own.

THE ANNUAL COMES OUT  
(Will The Royal Blue Staff be Guillotined?)

THE VALUE OF KNOWING  
THE WORLD'S NEWS  
THE DAY IT HAPPENS

Readers of the BULLETIN are able to keep in closest touch with the principal events that happen throughout the civilized world. Superior telephone, telegraph and cable facilities bring us the news from the four quarters of the globe. Modern mechanical equipment and a well organized circulation department cooperate with our news staff, enabling us to supply *today's local, state, national and world news* to our readers the *same day the events happen*.

It often means much to know what has happened at the earliest possible time, therefore, the unusual service rendered its readers each day by the BULLETIN is of large value in many respects. Two cents a copy brings this newsy publication to your door each day. Phone your order to 707, if not now a subscriber.

This book is an example of the high class printing produced in our commercial printing department. First class work at fair prices has built for us the largest printing patronage in the Walla Walla Valley. A capable estimator is always at your service.

“Are any of the colors discernable to the touch?” asked Miss Dean.  
“I have often felt blue,” replied the bright student.

Foster Gruber—“How was it, Darrel, that you did not drown when you fell overboard, you can't swim.”  
Darrel G.—“No, I had on a pair of duck pants.”

Druggist—“If you will give this new tonic a trial, I'm sure you will never use any other.”  
Oakford—“Excuse me, sir, but I prefer something less fatal.”

Student—“Prof, which is the logical way of reaching a conclusion?”  
Prof—“Take a train of thought, my boy.”

## “IT SAVED MY LIFE”

states Mr. Berney Lehrer, 115 Boyer Avenue, Lowden, Washington. “After I had taken ten bottles of Croaker’s Guaranteed Vegetable Pills I felt like I could really gain from school a little knowledge. When I was still a child the doctor stated I would never be a robust baby. I was almost dead when a drummer selling Croaker’s Guaranteed Vegetable Pills came along. I bought three bottles of this stimulant which enabled me greatly to waste my time and cause much discontent. My pet name is “BABY” and I certainly live up to my name.”

Mr. Lehrer added that “If I was a small boy starting to go to school I would save my nickles and invest in this remedy. After eighteen more years of abnormal growth I have developed into the boy I am now with raving black Marcellled hair. This is my advice to all the love lorn, jelly fishes and lally-gaggers at Wa-Hi—take this stimulant.”

**I**F IS not our policy to boast about our business virtue. We would much prefer to have this store judged by its works rather than by our words. BUT—

To make this store better and broader in its service to you has been our constant endeavor, with the result that today—It has sales force far above the average in competency and courtesy to customers, who can tell you intelligently the truth about our goods. Our attitude towards the customer is that each transaction must be satisfactory from beginning to end—one and all treated alike, without discrimination—*absolute satisfaction* or money refunded.

All our advertising is carefully censored by the management before being published. It tells the simple truth about the goods and, from an economic standpoint, *it pays to read our advertising.*

# The Ideal Graduation Gift

The tradition of several generations has made a watch the most fitting graduation gift for boy or girl. To both it is the fitting recognition of their achievement—a proud token from father or mother. And well they may be proud if that watch is the GRUEN—the watch of watches—dependable, serviceable, beautiful.

Distinctive designs in Wrist Watches for the girl—in gold, green gold, platinum and silver. Our stock of beautiful watches is within the price all can afford.

**GRUEN**

Thin model Watches for boys. Heavy fat Watches are out of style and young men are the first to grasp the "Gruen Idea."

## GRADUATION MEMORIES

As graduation day is one of the great events of a lifetime so will its memories ever be cherished. What could be more fitting for a gift on graduation day than a beautiful, dependable watch—the GRUEN?
